

Door and window profile product book

Custom aluminum profile

Premium Aluminum Profiles for Windows & Doors: Durability Redefined

ABOUT US

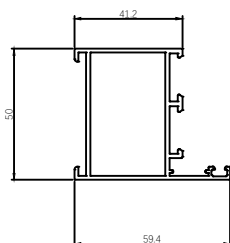

The company was founded in 1994, 30 years of experience is a large-scale aluminum alloy profile provincial-level backbone production enterprises, located in "China's aluminum industry capital" - Linqu County, Shandong Province, covers an area of 350000 m², more than 1500 employees, including senior professional and technical personnel 38 people, intermediate 73 people. Equipped with 32 of the most advanced aluminum production lines in China, the annual production capacity of electrophoresis, spraying, oxidation and other aluminum alloy profiles is 200,000 tons, and the processing capacity of doors and Windows is 250,000 square meters. It is a key manufacturer of aluminum alloy building doors and Windows, curtain walls, all-aluminum furniture, new energy and industrial aluminum profiles in China. The company's leading products are door and window curtain wall building aluminum profiles, industrial aluminum led by the field of new energy vehicles, high-end system doors and Windows R & D and processing.
